### Uae Capital To Host Leading Global Moroccan Real Lifestyle Exhibition

Abu Dhabi, 20 December, 2012: UAE-Moroccan ties will be strengthened early next year as a global Moroccan real estate and lifestyle event visits Abu Dhabi for the first time, as investment into the North African country increases by 16% year-on-year in 2012.

SMAP Expo Abu Dhabi, taking place from 24-26 January 2013 at Abu Dhabi National Exhibition Centre (ADNEC), will make its first appearance in the Middle East having already established a strong presence in Europe for the last 16 years.

The dedicated three-day event and conference offers a wide platform for UAE based investors to explore opportunities in Moroccan real estate, which attracted a majority share of all Foreign Direct Investment (FDI) in 2012.

According to the Moroccan Exchange Authority, 36 per cent of all 2012 FDI into Morocco went into the country's burgeoning real estate sector. Additionally, 25 per cent of all FDI for the year came from the UAE, while the UAE stands as the second largest investor overall on Morocco's list of foreign investors.

It all points toward an increasingly buoyant real estate market in the North African region. SMAP Expo Abu Dhabi's organisers are looking to highlight the opportunities at the event through the show at ADNEC.

Samir El Chammah, CEO of SMAP Group, organisers of SMAP Expo Abu Dhabi, said the event is ideal for both Emiratis and expatriates looking for a second home, including the large expatriate population currently living in the UAE.

"For more than three decades, Morocco and the UAE have established a very strong relationship, and we have witnessed a cultural, political, and economic exchange between the two countries that continues today," said El Chammah.

"We are aware of the influence that Abu Dhabi and the UAE have in the economic star of the Middle East, and strategically it is the perfect starting point to showcase the tremendous real estate opportunities that Morocco has to offer."
